

PROFESSIONAL SUMMARY

Detail-driven QA Engineer with 3+ years of experience ensuring product excellence in **real-time, distributed systems**. Improved release velocity by **40%**, reduced manual testing by **60%**, and increased defect detection rate by **30%** using scalable test strategies across Agile teams.

EXPERIENCE

Comviva Technology, Senior Product Validation Engineer , July 2022-Present

- Document Test Scenarios, Test Cases, and Test Scripts while Understand and apply **TDD, BDD**, and **Shift Left** concepts.
- Conducted functional, **regression**, **smoke**, and **sanity** testing across all components, ensuring release readiness.
- Leveraged **Kubernetes, Docker** and Kafka to test distributed architectures and real-time streaming pipelines effectively.
- Authored **2000+** test by analyzing SRS/FSD docs, covering both functional and non-functional areas .
- Automated testcases using Robot framework with Selenium, reducing manual efforts by 40% .
- Integrated Github **Copilot** and leveraged **Agentic AI** capabilities to accelerate scripting and minimize repetitive task.
- Participated in 10+ UAT cycles, ensuring minimal post-release defects, & client satisfaction
- Build and Maintain **Automation Script Suite**. Utilize **Test Frameworks** and CI/CD tools effectively.
- Apply **Agile** Methodology and Manage tasks using **Jira**.
- Utilized containerization tools like **Docker** and applied **Kafka** expertise to validate distributed systems and real-time data streaming pipelines.

SKILLS

Programming Languages: Python,Java

Database & Querying: SQL, PostgreSQL, SingleStore

Testing & Automation: Selenium WebDriver (Hybrid Framework), Robot Framework Test Automation, Postman (API Testing). UiPath, Cucumber

Cloud & Infrastructure: Docker, AWS

API Testing: Postman, Swagger UI

Version Control & DevOps: GitHub, Jenkins

Data Streaming & Messaging: Apache Kafka

Operating Systems: Linux

Software Development Lifecycle: SDLC, Agile Methodology

Monitoring & Observability: Prometheus, Grafana

Bug Tracking: JIRA

KEY ACHIEVEMENTS

- Awarded "**Unit Level Leader's Choice Award**" for exceptional leadership & a demonstrated Growth Mindset.
- Honored with "**CREDO CAP AWARD**" for delivering exceptional results through a customer-centric approach and process improvements.
- Recognized with "**ACE Card**" for executing 1,500+ test cases within a strict 3-day timeline, achieving 80% code coverage and meeting critical project milestones.

EDUCATION

DEGREE	INSTITUTION / BOARD	YEAR
MCA	Amity University Kolkata	2020-2022
BCA	Amity University Kolkata	2017-2020
